Ruff Release

PRODUCT DESCRIPTION: Ruff Release is a unique thickened blue colored release agent primarily for low or no draft applications on rough, irregular or smooth surfaces. Ruff Release yields a smooth and easy release from all types of form surfaces.

AREA OF APPLICATION: Apply Ruff Release to the most intricate and difficult form surfaces where release stresses may pose problems or wherever release issues are anticipated. Ruff Release works well in all applications however and will not stain the surface on which it is used. Ruff Release may be used on all types of form surfaces including plastic, rubber or Styrofoam.

DIRECTIONS: Apply a very thin coat with a rag, sponge or swivel type mop. Wipe off excess prior to casting.

TECHNICAL DATA: Appearance and odor: Blue in color. Specific gravity is 0.92, Flash point >142° F. Solubility in water: negligible.

SHELF LIFE AND STORAGE: Two years from manufacturing date in closed original container.

PACKAGING: 5-gal steel pails, 55-gal steel drums

SAFETY: Keep away from flames or sparks. Store in cool dry area.

SHIPPING CLASSIFICATION: Product is not subject to regulation as a hazardous material under 49CFR 173.150(f) when shipped by ground transportation in non-bulk packaging. In bulk packaging ≥119 gals: UN1268, Petroleum products, n.o.s. (aliphatic naphtha, methanol, ethylene glycol), 3, PG:III.
